# **HSE Policy & Procedures**

Alad Transport is one of the leading Transport & General Contracting company in the UAE.

We are committed to uphold high standards of Occupational Health, Safety and Environmental (HSE) Management System in the delivery of our services.

We recognize and accept the moral and legal responsibilities of promoting and protecting Safety and Well-being of all individual involved in our operations; and to conduct our activities in such a manner as to safeguard the natural environment, minimize negative impacts and contribute to pollution control.

This policy is set forth as a framework for establishing, monitoring and evaluating our HSE objectives and targets.

#### It is our company's policy to:

- Prevent incidents, injuries and ill-health in the workplace.
- Identify hazards and aspects; assess risks and impacts and control them to levels as low as practicable.
- Foster positive health and safety culture.
- Define clear roles, responsibility's authority, and accountability for HSE performance across all levels;
- Conserve consumption of paper, energy, fuel and water; and reduce waster generation and emissions.
- Set organized plans to manage potential emergency situations.
- Ensure that appropriate training, supervision, information, communication, consultation and resources on HSE are provided to all employees and stakeholders.
- Maintain documents and retain records of HSE performance.
- Measure, monitor, evaluate and improve our HSE performance through performance analyses, Audits, Inspections, Management Reviews and Control of Nonconformance.

The Top Management is committed to ensure the implementation and continual improvement of HSE Management System by complying with governmental rules and regulations, adapting the best HSE practices in transport and contracting Services and the internal standards like ISO 9001, ISO 14001, and OHSAS 18001.

This policy is communicated to all employees and relevant stakeholders to ensure their cooperation and full compliance
